

# Fresh Ideas 2012

## A Call for Presentations

### Win A Trip To Dallas, TX

- Requirements for submitting abstracts:
- Abstracts should be no longer than ½ page at single spacing.
- Topic is open but limited to the water industry.
- Author must not have presented at prior AWWA events.
- Author shall be a member of AWWA (currently \$99).
- Topic must not be a sales pitch.

The AWWA Connecticut Section Young Professionals Committee is issuing a call for presentations called “Fresh Ideas”. Fresh Ideas is a nationwide competition with a goal of increasing new member involvement in AWWA, encouraging young professional participation from all areas of the water industry, stimulate progressive thinking, and reduce the financial hardship for new members who want to attend the AWWA Annual Conference and Exposition (ACE). Topics presented through Fresh Ideas at ACE in the past have ranged from methods to monitor, model, and remove microbes and contaminants to treatment plant design.

Eligibility for Fresh Ideas requires presenters to be Young Professionals. “Young Professionals” are engineers, operators, designers, technicians, and students who are under the age of 35. “Fresh Ideas” will be presented at ATCAVE 2012 on February 29, 2012, where a panel of judges will award the presenter of the best “Fresh Idea” \$1,000 towards the expense of attending ACE 2012, where that “Fresh Idea” will be presented. This year, ACE is being held in Dallas, TX in June 2012.

Abstracts are to be submitted in electronic format no later than January 18, 2012 to:
